Managing Director

Ulrich Pöschl
Director

Aerosol Chemistry

UTLS Aerosols

Franziska Köllner

Wildfires and Impacts

Chaoqun Ma

Integrated Assessment Modeling

Wenjun Meng

Aerosol Field Experiments

Johannes Schneider

Nanoscale Theory and Modeling

Huan Yang

Atmospheric Chemistry

Reactive Processes

John Crowley

Optical Spectroscopy

Horst Fischer

Radical Measurements

Hartwig Harder

Atmospheric Modeling

Andrea Pozzer

Organic Reactive Species

Jonathan Williams

Climate Geochemistry

Isotope Biogeochemistry

Steve Galer

Organic Isotope Geochemistry

Alfredo Martinez-Garcia

Carbonate Geochemistry

Sierra Petersen

Micropaleontology

Ralf Schiebel

Inorganic Gas Isotope Geochemistry

Hubert Vonhof

Multiphase Chemistry

Atmosphere-Biosphere Interactions in the Amazon

Bruno Backes Meller

Chemical Kinetics and Reaction Mechanisms

Thomas Berkemeier

Multiphase Analytics

Frank Drewnick

Biomolecular Interactions

Janine Fröhlich

Organic Pollutants and Exposure

Gerhard Lammel

Independent Research Groups

Hominin Meat Consumption

Tina Lüdecke

Satellite Remote Sensing

Thomas Wagner

Joint Services

Administration and Technical Services

Ira Lemm

Communications

Susanne Benner

Administration

Ira Lemm

Shipping and Export Control

Martin Carswell

Researchers Support

Karin Sulsky

Facility Management and Operational Technology

Carsten Pallien

IT

Thomas Disper

Instrument Development and Electronics

Frank Helleis

Workshops

Sebastian Best
