

Aerosol Chemistry Department

AI/ML Lecture Series

Exploring AI for Research, Scientific Discovery, and Responsible Use

Coordinated by Prof. Yafang Cheng

FEATURED LECTURE

Exploring the Superpower of AI Agents With Great Power Comes Great Responsibility

 Dr. Chaoqun Ma & Dr. Wenjun Meng

Putting AI Agents to Work

Practical Guidance and Everyday Applications

 Dr. Chaoqun Ma

Explore how AI agents can be integrated into daily research and professional work, with practical examples, useful tools, and guidance for getting started.

Using AI Agents Responsibly

Risks and Safeguards

 Dr. Wenjun Meng

A discussion on the risks, limitations, and safeguards of AI agents, and how to use them responsibly in academic and departmental work.

Date:

October 1, 2026

Time:

2:00 PM

Venue:

Seminar Rooms 2+3
Max Planck Institute for Chemistry
Hahn-Meitner-Weg 1
55128 Mainz

UPCOMING LECTURE

AI for Science

Harnessing AI Agents for Reliable Scientific Workflows

 Dr. Huan Yang
